Autumn 2022

From the desk of The Director

Happy Fall Everyone,

Welcome back to school, cooler temps, vibrant views and of course, the library. With our HVAC replacement phases starting to wind up, we are all breathing easier both inside and out of the library. We just have one more zone to replace to complete this phased work. Hopefully that will be completed in the next 3-6 months. Thank you for your patience, I promise, it was worth it. And as always, thank you to our local legislators, Rep. Karl Brabenec and Sen. Mike Martucci for being library champions and keeping the Library Construction Aid program funded in Albany. We wouldn't have the healthy, efficient building we have today without their support.

We had a great Summer Reading Program so we did get to see many of you, of all ages, over the last few months but we're happy to see our regulars and newcomers alike. We're hitting the ground running with programming for the season. We have music, art, theater, lecture and of course, stories, all lined up for patrons aged 1 month to, well, whatever!

We're thrilled to see more and more young families using our youth spaces. The Children's room is back to its normal hustle and bustle and our Young Adult space is getting used again as well. The Adult spaces have been moved around a bit to allow for better separation of quiet and conversational zones as well as ease of access to not just materials but to staff assistance. We're still upgrading network access and furnishings as time and money permit but all of it is done with our community members as priority.

I can't help but repeat myself when I invite you, once again, to come use our, well really your, library. We have so much to offer. And if we're missing something, tell us about it. Our mission statement says that we're here to provide life-long learning, personal enrichment and a connection to reading and information. We are committed to that statement.

*"We may sit in our library and
yet be in all quarters of the earth."
— John Lubbock (The Pleasures of Life)*
